FROM THE PASTOR
FR. TOM MORGAN

January 29, 2023

Dear Friends,

This week our nation celebrates Catholic Schools Week. Here at St. Jerome Catholic Church, we are blessed to be part of that great network of schools. Our Early Childhood Center delights in spreading the Gospel to its young students and helping them grow in their faith. The teachers and staff provide a nurturing environment where children discover God's love and the world around them. SJECC represents the Diocese of St. Petersburg as the beginning of a journey in academic excellence, strong values and commitment to the service of others. As we reflect on the wonderful gift of Christ-centered schools, we are grateful for these havens of faith, hope and love. We pray that our young people will be empowered to combat the challenges of an increasingly hostile world by building their foundation on God.

Our Catholic Schools Week celebration at SJECC will include attending Sunday Mass as a school family. The students will sing one of their favorite songs entitled "Great Big God". Mass will be followed by an Open House for current families, parishioners and prospective students. Other activities will include Donuts With Dad, Grandparents Day, and PJ Day with a special presentation from a guest Librarian. To honor our former director and a very special student who passed away, we will be holding our "Pennies for Patients" charity collection. Donations to this will fund research and treatment for the Leukemia/Lymphoma Society. All are welcome to participate in this important service project. Please see the school website for details (www.stjeromeecc.org). Thank you for your support and prayers for SJECC!

Sincerely yours in Christ,
Phyllis Steele, Director

Stewardship is more than being a good manager of one's time, talents, and treasure. The discipline of biblical stewardship calls us to use all these gifts in the way the Lord desires: to employ them not for us, but for His glory. Thank you for sharing His gifts!

RAISE THE ROOF A solid, lasting future

RAISE THE ROOF: CURRENT STATUS

Asphalt shingles are a petroleum product and, as such, increase dependency on fossil fuels. Plus, they require replacement every 15 to 20 years, which means that nearly 20 billion pounds of old asphalt shingles are sent to U.S. landfills every year. Metal roofs, on the other hand, are considered a more sustainable alternative for a number of reasons. For starters, they consist of at least 25 percent recycled materials and are 100 percent recyclable themselves. This is yet another good reason why we are planning on replacing our church roof with metal.

We are working hard towards the goal of **\$1.4 million**. Thank you for making a pledge today so we can expeditiously complete this needed project!

Balance as of December 31, 2022: \$725,709.21

We are blessed to have the Diocese be the financial record keepers of our campaign.

Please Note

2022 Contribution Statements will be available upon request. If you would like your contribution statement, please call the Parish Office.

Maintenance Update

The water heater in the Education Building was replaced a couple weeks ago after serving us for over 30 years. We would've kept it longer, but it was leaking. We are grateful for Robert and his team at McDonnell Plumbing for installing a new water heater and bringing us up to code. They have been a huge help for us over the past two years.
